PROFESSIONAL SUMMARY

As a seasoned software developer with over a year of experience in the fintech industry, I am seeking a challenging role that will allow me to further enhance my skills and contribute to the company's growth. I am an inquisitive, driven, and self-motivated professional, adept at problem-solving and unit testing and debugging. I am confident that my technical skills and passion for learning will enable me to make a significant contribution to your organization.

WORK EXPERIENCE

Overall Experience: 1 year 3 months

Open Financial Technologies

May 2023 – Present

Software Development Engineer - 1

- Open Business Payments Aug 2023 - Present
 - Contributed to the [Open Business Payments app](#), achieving 5000+ downloads and deployed the application to Google Play Store and Apple App Store.
 - Led the development of connected banking, invoicing and cash flow analytics modules with Flutter and Spring Boot microservices architecture.
 - Optimized state management with migration to Flutter Riverpod from providers in app and reduced authentication api response time with Redis caching.
- Monolithic to Microservices Transformation - KYC Service Oct 2023 - Dec 2023
 - Led the transformation of a monolithic system into a microservices architecture, creating a separate database and migrating the Know Your Customer (KYC) module to a standalone microservice.

POC Tasks

May 2023 - Aug 2023
