SUMMARY

As a seasoned software developer with over a year of experience in the fintech industry, I am seeking a challenging role that will allow me to further enhance my skills and contribute to the company's growth. I am an inquisitive, driven, and self-motivated professional, adept at problem-solving and debugging. I am confident that my technical skills and passion for learning will enable me to make a significant contribution to your organization.

WORK EXPERIENCE

OPEN Financial Technologies Pvt Ltd

May 2023 - Present

Software Development Engineer - 1

• Open Business Payments App

Aug 2023 - Present

- Developed and deployed [Open Business Payments](#) app on Google Play and Apple App Store, achieving 5000+ downloads and 300+ daily transactions.
- Improved code maintenance through MVVM and clean architecture and reduced development time with Flutter Riverpod providers while following best practices.
- Implemented Firebase notifications and Crashlytics, reducing unresolved crashes by 25%.
- Integrated dio and retrofit for secure API calls, incorporating interceptors for enhanced data security.
- Created custom plugins with method channels to minimize dependency on third-party packages.
- Enhanced user engagement by introducing app localization with flutter's l10n package.

• POC Tasks

May 2023 – July 2023

- Developed a bus routes POC project with notifications for departure times, focusing on UI/UX design.
- Built a versatile Flutter UI component library within a Melos-managed mono repository.
- Created a task management app using Flutter BLOC and Hive for local storage.

ACHIEVEMENTS

AWS Open GenAI Hackathon 2024 (3rd Place)

Developed DataTalk, an AI model that answers user queries based on Open Money's invoicing module by generating dynamic SQL queries and presenting the data in Natural Language by integrating different AWS LLM APIs.
